Chairman  
Sikh Human Development Foundation  
USA.

Sir

It gives me abundant pleasure to thank your good self and organization for performing the greatest service to mankind i.e. giving monetary help in the form of scholarships to the younger generation who are unable to continue their studies especially higher education because of their poverty. Work done in this respect in Faridkot District is appreciated and needs to be commended. Since 2007 the Faridkot unit of Sikh Human Development Foundation USA has been doing a valuable service in organizing tests & interviews to select deserving students. One such function was also organized in my Institute and about 30 students of Adesh Group (consisting of 18 Institutes in Faridkot, Bhatinda & Muktsar) are the beneficiaries of Scholarships. It has been a great help to them because they could not have continued their studies without your help.

Your gesture is a new milestone in serving the downtrodden section of society. It will certainly inspire many ~~poor~~ <sup>poor</sup> but brilliant students to make their mark in life.

I, on behalf of Adesh Group, offer my wholehearted support for your noble cause. As an Institution—we are ready to help you the way you like.

With regards

*Daeh G.S.*  
Principal
